COLORADO'S VIEWS.

The following speaks for itself:
Editor Coin, Chicago, Ill., Dear Sir:—I have the honor to acknowledge receipt of yours of the 28th ultimo requesting my views as to the proper definition of honest money. Replying to which permit me to say that all money issued by the General Government ought to be honest money, but the failure of the Government to properly observe a quantitative theory of money makes all money issued by it dishonest money. Too much money is bad. Too little money is worse. This is so inasmuch as it will on the one hand produce panics, and on the other hand abnormal and unhealthy growth of all business enterprises. Money to be honest must be so regulated in quantity as to meet the demands caused by increase of population, the growth of new enterprises and the proper development of the various resources of the country. Money is governed by supply and demand. When money is plentiful property is high and when money is scarce property falls in value, so that all money issued by the General Government is honest money if its issue be regulated as to quantity upon the principle of supply and demand.

Believing as I do, that there is not gold enough in the world to maintain the volume of money with the increase in population, and the increased demands for money created by reason of our higher civilization brought about by a more universal education, I am unalterably in favor of the free and unlimited use of silver as money at a ratio of 16 to 1, with which to supply the deficiency. When gold money is at a premium in exchange for any other kind of money issued by the Government, it ceases to be honest money in the same degree that other kinds of Government money are dishonest when at a discount.

The financial question is so closely connected with the tariff in its operation that they should be considered together, for any contemplated decrease in the tariff immediately brings about a disturbance in the money market, as it causes its withdrawal from manufacturing enterprises. If our mints were open to the free and unlimited coinage of gold and silver, and the product of our mines was protected as it should be, there would never be too much money in the country, and the American Government can, if it will, formulate and maintain a financial policy of its own quite as successfully as it can manage the tariff. I remain, very respectfully yours,
ROSWELL K. COLCORD,
Governor.

The "Examiner's" Good Work.

Through the instrumentality of the Examiner the poor of San Francisco enjoyed a merry Christmas. Through its work the Salvation Army was furnished with over \$5,000 in money and more than \$10,000 worth of clothing and provisions for distribution. Because of the Examiner hunger was banished from a great city for one day at least.—Enterprise.

If there is any reward in the hereafter the Examiner is entitled to a double allotment for the good it did on Christmas. On the hypothesis that charity covers a multitude of sins that paper has effectually squared itself with St. Peter for all time to come.

Fair Opening Delayed.

The San Francisco Call says that the formal opening of the Midwinter fair, which was to have taken place next Monday, has been postponed to a day yet to be set.

"It has been found impossible," said Director General de Young, "to get things into shape in time. The extreme cold weather in Chicago and the heavy storms along the lines of railways leading westward have caused considerable delay to the fair exhibits. The result is that over 100 carloads of these displays are now on the way instead of being here, as we expected they would be."

The Corbett-Mitchell fight will take place at 11 o'clock a. m. Jan. 25th.

Lack of Exercise

Is one of the prime causes of headache in the winter. Persons accustomed to the pure air during the pleasant months are subject to this terrible annoyance at this time of the year. A boon is offered in Krause's Headache Capsules, which is guaranteed to cure any kind of a headache no matter what the cause. Headache caused by overindulgence in food or drink late at night, can be prevented, by taking one Capsule before retiring and one in morning. 25 cts box. Ask your druggist for them.

From now on the Capitol Restaurant will furnish tickets good for 21 meals for \$4.50 or \$18 per month. For \$7 you can get a ticket for 21 meals which entitles you to chicken, porterhouse or oysters served every meal. Private lunches or dinner parties furnished for \$10 and upwards.
